Welcome to the 8th annual Mount Shasta Trail Challenge!
This year's theme is bike friendly trails and the Gateway II expansion.

Gateway II is an on-going 2 million dollar 10 year project adding **46 miles of trail**. Volunteers from [MSTA](#), [SORA](#), and [Bike Shasta](#) contributed 1000's of hours and if you would like to help build or maintain trail just click any of the above links.

Be one of the first 100 participants to complete at least 6 trails and earn a **FREE** 2025 Trail Challenge custom sticker sheet.

Gateway II trails are multi-use and all users must maintain control at all times. Finishers receive a **FREE** alert bell for use when riding, hiking, biking, etc.

This program **FREE** courtesy of our generous sponsors and thoughtful donors.
